

WHITE FROSTING

Case Family

Ingredients

4 cups powdered sugar

½ cup Crisco shortening

5 T evaporated milk (I usually end up putting a bit more in, but start with this amount)

½ tsp vanilla

½ tsp butter flavoring (you can also substitute almond extract- it's pretty yummy too)

Instructions

1. Beat all ingredients with a mixer. Add more milk as needed for desired thickness. If you refrigerate the frosting, let it sit out before frosting with it.
2. You can also make chocolate frosting with this recipe by adding about ½ cup cocoa powder to the mix.
3. You will need to add some extra evaporated milk.
